

# Eddie McGoorty Outpoints Mike Gibbons in New York

## KRAMER PICKED AS BIKE CHAMP.

Many to Compete in Championship Races in Madison Square Garden To-Morrow.

New York, December 4.—More than forty American and foreign professional riders are looking forward to the indoor championships which will be staged in Madison Square Garden Friday and Saturday nights. Every Yankee "pro" of note and a dozen foreign riders are entered.

With the addition of Walter Rutt, the German champion, who arrived yesterday, five national champions will compete in the one-mile championship. Kramer will be the best of the American riders. This wonderful athlete, who has held the championship of America for twelve years, will go to the post a favorite. Opposed to Kramer will be Alf Grenda, champion of Australia; Jumbo Wells, New Zealand's title holder; Andre Perchicot, the French champion; Rutt and a host of American, Australian, French, Italian and Swiss riders.

The Garden A. C. has also arranged competitions to suit all comers, and the "catyars" will compete in five and ten-mile open races. In the motor-paced events only Americans will take part. The amateur races are also confined to Yankee talent.

## ALEXANDRIA TO TACKLE HAMPTON

Hampton, Va., December 4.—The football teams representing the high schools of Alexandria and Hampton are to play Saturday to decide which team has the right to claim high school championship of the State. It is very unfortunate that the Lynchburg High School team cannot be persuaded to enter this contest, as they evidently have a fine team, one that would make any team-work hard for victory. Alexandria and Hampton have both offered Lynchburg the most favorable terms, but have been unable to secure any other recognition than a rather discourteous refusal to consider a game under any terms. In view of this situation, the game arranged to be played at Hampton must be taken as deciding which is the best high school team in the State of Virginia. In the event that Lynchburg cares to dispute this claim, the winner of this game is willing to play them either in Lynchburg, Alexandria, Hampton or Richmond. If they persist in their present attitude, nothing can be done except that the winner will claim the State championship, and stands ready to defend that claim against all comers.

The record of the Hampton team is as follows: Norfolk, 7; Hampton, 6; W. M. Academy, 6; Hampton, 7; St. Vincent's Academy, 6; Hampton, 14; Norfolk, 6; Hampton, 19; W. M. Academy, 7; Hampton, 19; McGuire's High, 6; Hampton, 54.

## T. T. PAGE'S DOG GETS DECISION

Whaler Whitestone First in Field Trials—Judges' Award Is Not Popular.

Barber, N. C., December 4.—The second day of the Virginia-Carolina field trials opened cloudy and rainy. A heavy fog has hung over the country all day, interspersed with showers of rain, which threatened to break up the trials at one time. The members all age stage was finished by noon. The winners were Whaler Whitestone, owned by T. T. Page, of Knoxville, first; Ruby Sport, owned by C. E. Whitlock, of Richmond, second. Every one thought Ruby Sport should have had first. In fact it was conceded to Mr. Whitlock, and the judges' decision came as a great surprise. Third place went to Kitty May Whitestone, owned by Leon E. Seay, of Charlotte, and fourth to Eclipse, owned by Dr. Leigh Buckner, of Roanoke.

The derby was begun in a drizzling rain, which let up, though the fog continued. Four brace were run, and there are sixteen more dogs to run. The derby will hardly be finished before Friday, as the entry is large. At the annual meeting to-night Dr. Leigh Buckner was again re-elected president, and Charles B. Cooke secretary and treasurer. A committee was appointed to find new and permanent grounds.

SECOND FOUL WHICH LOST WOLGAST HIS LIGHTWEIGHT TITLE TO RITCHIE.

This wonderful action photo was snapped at Daily City on Thanksgiving afternoon, when Ad Wolgast, the lightweight champion, lost his crown to Willie Ritchie, a coast favorite. Wolgast, presumably to save himself from a beating, fouled Ritchie early in the sixteenth round. Referee Griffin warned Wolgast. It only seemed to put more fight in Ritchie, and he came back strong. Wolgast shot a low blow, which Referee Griffin saw and immediately stopped the bout, giving the decision to Ritchie. In the above illustration Wolgast is on the right and has his left hand partly clamped around Ritchie's neck. Wolgast's right hand is seen catching his opponent right in the groin. It was a short but very hard blow. There is a pained expression on Ritchie's face. This blow cost Wolgast his title.

## SCHEDULE MADE FOR BASKETBALL

Carolina More Ambitious This Year Than Last—Thirteen Games to Play.

Chapel Hill, December 4.—Although some of the proposed games are still in a tentative form as far as being placed on the card, the major portion of the basketball schedule of the University of North Carolina has been definitely arranged, and Manager "Bob" Huffman made known the schedule today. Thirteen games make up the certain list of games, with four others under serious consideration.

The schedule follows: Randolph-Macon here, January 25; Davidson College here, February 3; Elon College here, February 5; Emory and Henry here, February 7; University of Virginia at Raleigh, February 10; Lynchburg Y. M. C. A. at Lynchburg, February 11; V. M. I. at Lexington, February 12; Washington and Lee at Lexington, February 13; Randolph-Macon at Ashland, February 14; A. & M. College at Raleigh, February 22; V. P. I. here, February 23; Guilford College at Guilford, February 28; Elon College at Elon, March 1.

The four games under consideration, and which will in all probability be arranged, are two games with Wake Forest College and another each with Guilford and A. & M. The Guilford games are the most uncertain of gaining dates on the schedule. Basketball is practically a new sport in Carolina's athletic budget, being the third year that the sport has received recognition here. Each year, however, the game gains additional favor to the extent of increasing the number of games on the schedule. This year the schedule about doubles that of last in number of games. Then, too, it reaches out beyond local borders for games, and even Georgetown was considered this year, but the anticipated game with the Hilltoppers has been abandoned on account of the big expense that would be attached.

The call for candidates for practice on Monday brought forth some fifteen men that will take up the gauntlet in the contest for a place on the quint. Of this number, the gratifying fact is that some six of last year's squad reported for duty. In fact, the identical quint of last season is on hand with the exception of one man. Captain Chambers enters upon his second year of service on the quint. Fillett, Smith and Carlington all played last year and are now entering upon their third year of experience. Of the new men who are promising candidates are Homewood, Carolina's right end on football, and who played basketball at Elon College, and Smathers, of V. P. I.'s last year's basketball squad, and Redman, of a Tennessee prep school. Nat Cartmell, athletic director, will coach the quint this season. He coached the team in 1911, and the quint only lost two games during the season, those games being lost to Virginia and close scores. It is hoped that the quint will prove to be a considerable improvement over last year's team.

## GARNET AND GRAY PROUD OF RECORD

Season Just Closed Reflects Credit Upon Football Team of Hampden-Sidney.

Hampden-Sidney, Va., December 4.—By winning the final game of the season from Richmond College, the Yellow Jackets won the coveted trophy offered by the four colleges that compose the Eastern Collegiate League. Hampden-Sidney finished a close second in a race that was exceedingly hard-fought and exciting, being separated from the winners by a cleverly executed field goal kicked in the last few minutes of play, when the game seemed certain to result in a tie.

The Garnet and Gray wishes in this public way to extend his hearty congratulations to its successful rivals. The Yellow Jackets proved themselves worthy foemen. They played fast and fair, and to a thorough knowledge of the game added skill and dash and resourcefulness, both in attack and defense.

By common consent the game between Hampden-Sidney and Randolph-Macon was pronounced the cleverest exhibition of football seen on Broad Street Park this season.

While regretting the loss of this cup, the season just ended has been gratifying to students and alumni, and reflects great credit upon Coach Turner and the men who wore the Garnet and Gray. Hampden-Sidney's goal line was never crossed during the championship series, and only once was it even threatened. The only score registered against her came in the form of a drop-kick. Hampden-Sidney scored 19 points during the series, while her three rivals together counted only three points against her.

Earlier in the season the team broke through the strong line of the V. P. I. and for the first time in many years scored a touchdown against the cadets. On Lambeth Field, during sixty minutes of actual play the university succumbed in scoring only ten points against the Garnet and Gray. During the first three periods Virginia was played to a standstill, and only by resorting to a clever fake in the last quarter did the university succeed in getting the ball over the goal line. It is a source of great satisfaction to know that the same team that ran up a score of 56 to 6 against the University of North Carolina succeeded in scoring only ten points against Hampden-Sidney.

## EXPECT RESULTS FROM RACE MEET

Cross-Country Run at Chapel Hill May Cause Renewal of Intercollegiate Games.

Chapel Hill, December 4.—What has the appearance of being the first layer of cement in the direction of binding the athletic relations of the colleges of North Carolina and the university into closer touch is the interstate cross-country run, scheduled to be held in Chapel Hill December 13. The colleges that have agreed to enter this athletic contest with the university are A. & M. of Raleigh; Wake Forest and Trinity. Other than having as its purpose the promotion of more friendly athletic relations and a decided step towards the resumption of baseball and football contests, the run between these institutions will serve to develop distance men in the different colleges of the State.

The colleges participating in this cross-country run will come to Chapel Hill as the guests of the university, and they will be extended the cordial hand of fellowship. A portion of their expenses will be borne by the Athletic Association of this institution.

An additional touch of snap and keen rivalry will be inserted into the contest of the 13th, between the State colleges, by the award of prizes to the winners of the run. The individual winner of a gold medal, and other prizes will be arranged for later. Thus it is hoped that the run will be an annual event.

Each institution will be permitted to enter six men in the contest, with four of the six determining the race both as to individual and team winner. Beginning at the post-office in Chapel Hill, the race will have its course down the zig-zag Durham Road for a distance of two miles, and then the runners will retrace their steps back to the starting point.

Carolina's preliminaries for the interstate race will be held Saturday, and some twenty men will try out for a place in the regular meet. Even the preliminaries promise to be something of more than ordinary interest. Under the direction of Captain E. V. Patterson, of the track department, who broke a Southern record last season as a mile-runner, the contestants will be put through the sternest test in the preliminaries. Six medals are to be awarded in the tri-out. These medals are to be given by Athletic Director Nat Cartmell, and will consist of three gold and three silver medals. It is certain that both preliminaries and the interstate affair will decidedly stimulate cross-country and track work, and be just the training for the Northern meets that Carolina will participate in this coming season.

## GOLFERS PLAN OCEAN VOYAGE

United States May Invade Great Britain for Matches at St. Andrew's.

New York, December 4.—American amateur golfers may go over in force to attend the championship tournament of Great Britain to be held at historic St. Andrew's next spring. The idea was conceived by Findlay S. Douglas, who stood coming to this country more than thirteen years ago, has won both the national and metropolitan titles. Douglas recently decided to visit St. Andrew's, his old home, and he thought it would be a fine idea if a number of his fellow-golfers hereabouts could be induced to go along. When he broached the subject to several of his friends they became enthusiastic at once. In speaking of the project last night, Douglas wished it understood that there is no regular attempt to be made to swoop down on the Scots and Britons in an endeavor to lift the cup, but rather to have a congenial party of golfers make the trip.

Of course, the more golfers of prominence visiting St. Andrew's from here next spring the more chance America will have of making its presence felt. Heretofore, the United States has never been satisfactorily represented, and with the exception of the triumphal invasion of Walter J. Travis in 1904, the efforts on the part of the players from these shores have been far from successful.

Just at present it is impossible to say who will make the trip, and, as Douglas aptly put it, "You never can be sure until they have booked their passage." There is no desire on his part to control the projected invasion. He has, however, spoken to such men as Fred Herreshoff, E. M. Byers, Oswald Kirkby, W. C. Fownes, Jr., Howard W. Perrin, P. W. Whitmore, Robert C. Watson and John M. Ward, all of whom have declared their eagerness for such a trip.

## BRESNAHAN WILL NOT ATTEND LEAGUE MEETING

Toledo, O., December 4.—Roger Bresnahan, the deposed manager of the St. Louis Cardinals, when seen at his home here to-day relative to President Lynch's call for a meeting of the National League directors to be held in New York next Monday to consider the status of Bresnahan's St. Louis contract, declared that he would neither attend the New York meeting or send a representative there. "This is the first notice I have had that the meeting would be called," said Bresnahan. "I am, of course, glad to know my case is having consideration, but I shall not attend the meeting, nor shall I be represented. I shall simply lay low and wait until I see what the board does before taking any action."

## DAVIS IS REAL HEAVY LIFTER

Williams College Athlete Has Remarkable Record in Test of Strength.

Williamstown, Mass., December 4.—George Allen Davis, Jr., '12, of Lancaster, N. Y., star pitcher and captain of the Williams baseball team last spring, made a remarkable record in his strength test at the LaSalle Gymnasium to-day. His total strength, according to the usual metric system of computing, was 1,659.5 pounds. C. K. Seelye, physical director of the gymnasium, made the test, and he is authority for the figures. The statistics for the separate tests are as follows: Capacity of lungs, 350; dips, 40; pull-ups, 20; back, 430; legs, 235; right forearm, 89; left forearm, 84; weight, 94; height, 172; chest and upper arm, 444; development, 571.7; total strength, 1,659.5.

By way of comparison, it is interesting to note that this record better that of H. R. Hardwick, '15, the strongest man in Harvard University, by 385.5 pounds, and practically doubles that of the strongest man in the freshman class at Williams.

**HOPPE DEFEATS KODJI YAMADA**

Philadelphia, December 4.—Willie Hoppe, the 13.7 ball-line billiard champion, won his second game in the tournament here to-night when he defeated Kodji Yamada, the Japanese champion, 450 to 250. Hoppe had a high run of 175, and his average was 44.4. Yamada's highest run was 111, and his average was 38.3.

*He will be specially Pleased with a Gillette for his Christmas*

**YOU** know how hard it is to find any thing to give a man for Christmas. He doesn't care much for the general run of gifts,—but he is strong for things that do him a practical service.

Get him a Gillette. That is something he will use every day—because it makes his shaving simple and easy.

The Gillette is just the kind of thing a man will understand and like to use. He can shave at home in three minutes instead of wasting time at the barber-shop. He will save many dollars in the cost of shaves and tips.

The Gillette is made in more than forty different styles—everything from silver-plated to solid gold, at \$5.00 to \$50.00.

Look over the Gillette displays in the stores of dealers in this city. Make your gift selections early.

A very acceptable small gift is a Packet of Gillette Blades at 50c. or \$1.00.

**Gillette**
